

Built to Last Since 1938

AMERICAN PNEUMATIC TOOLS
HANDHELD TOOL STEEL 2014

Support and Service

American Pneumatic Tools (APT) is the leading provider of exceptional tools for the Construction and Industrial markets. APT has been synonymous with quality since 1938.

In their eighth decade, American Pneumatic Tools has represented performance and innovation in the pneumatic tool industry. APT's ever-expanding product line now offers a complete range of pneumatic and hydraulic tools, light compaction, concrete finishing and portable power.

Superior performance, excellent product reliability, competitive pricing, ergonomic designs, and a warranty second to none are what make American Pneumatic Tools an industry leader.

Worldwide Customer Support

Choosing APT is just the beginning. APT distributors offer reliable service and support. Genuine spare parts for your tools are available worldwide, with short delivery times.

Warranty

APT warrants its products to the original purchaser to be free from defective materials and workmanship. The liability of APT is limited to the replacement of any part(s) which are judged to be defective in materials and/or workmanship by APT, provided APT is notified of the suspect part within the warranty period after receipt of the product by the original purchaser. Does not include wear items. This warranty entitles the original purchaser to have the warranted parts and labor rendered at no cost during this warranty period when the product is delivered prepaid to the APT facility in Santa Fe Springs, California. This warranty does not apply to products which APT judges to have been misused, modified or repaired by parties other than APT personnel. This warranty does not apply to tools that have been improperly maintained by the user or when the malfunction or defect can be attributed to the use of parts that are not genuine APT OEM repair parts.

Terms and Conditions

Terms: Net 30 days, FOB Santa Fe Springs, California. Minimum Order: \$50.00 net. All orders totaling less than \$50.00 will be invoiced at \$50.00 net. Freight: APT reserves the right to select all carriers. Damaged or Short Shipments: Always inspect and count all shipments being received and note on the packing list any damage or shortage before the driver leaves your facility. Any claim resulting from shipment must be filed immediately with the carrier and reported to APT within 30 days of delivery.

Authorization To Return Goods

When returning any APT product to the factory for warranty evaluation or for any other reason, the customer must first obtain a RETURN MATERIAL AUTHORIZATION (RMA) number from our customer services department by calling (800) 532-7402, or by faxing (562) 204-1773, with information on the return. The RMA number must be prominently displayed on the packages that are returned to the APT facility and also shown on the packaging list. We reserve the right to refuse any returns without prior authorization. A minimum 20% handling and restocking charge will be applied to all returns unless the situation dictates otherwise and prior authorization is obtained with the RMA number.

Order Desk Hours

Monday thru Friday
6:00 a.m. to 4:00 p.m. Pacific Time (US & Canada)
8:00 - 16:00 UTC

APT steel shanks are produced to ISO 1180 dimensional tolerances ensuring the correct fit for the tool bushing and correct piston striking position. Some machines are very sensitive to incorrect shank dimensions. Using the wrong or substandard working tool steel may cause irreversible damage to your machine.

Freight Policy

American Pneumatic Tools is pleased to announce our new freight policy relating to small packages. Small package shipments are defined as those weighing 150 pounds or less. If a shipment is over 150 pounds and needs to ship by LTL carrier, actual freight charges will apply. Policy details, rates per zone and map (illustrating the zones by region) follow below.

Benefits:

- **Distributors will know their expected freight charges quicker, same day in most cases.**
- **Consistency of division policies for multi-line dealers**

We are available at 800-532-7402 or info@apt-tools.com to answer any questions regarding this policy.

This policy applies to Working Tool Steel:

1. Freight for all Fed Ex and UPS small package shipments will be automatically charged up front on all sales orders.
2. Freight will be based on item weight and level of service combination.
3. Requirements for free freight: Order type must be Stock Order (SR), SR order value has to be a minimum of \$1,000, and the SR order must be delivered to a Distributor ship to address.
4. Freight for the entire order will be charged on the first invoice/shipment of a sales order.

Built to Last Since 1938
