

## **US and Canada FREIGHT POLICY**

### **2024 FREIGHT POLICY**

American Pneumatic Tools (APT)/Power Technique North America (PTNA) Freight Terms:

A freight charge is applicable from APT/PTNA's current stocking location to the customer depending on their location and the items ordered, unless the customers prefer using their own shipping account.

- If ship to location changes after the order has been placed and/or shipped, reconsignment fees may apply.

**Tools and Parts shipped from APT in Anaheim will be billed at the actual cost.**

**Accessories, shipping from or warehouse in Charlotte NC. will also be billed at the actual cost.**

- For – US tool orders over \$5,000 NET, the freight will be prepaid to one location.
- For - Canadian tool orders over \$6,850 NET, the freight will be prepaid to one location.

### **General Conditions:**

- We reserve the right to charge freight for sales made from product demonstration.
- Partial shipments and shipments to Alaska, Canada, Hawaii, Mexico, Puerto Rico and any other international destination will incur additional shipping charges and are shipped via a carrier of our choice.
- Free freight is only valid when shipped to one destination and shipped via a carrier of our choice.
- This freight policy is subject to change with 30 days' notice.
